Since I love this author's other books, I took a chance on this one, and I'm glad I did. This book was refreshing and a light read. I fell in love with all the characters and I am patiently, hopefully, waiting for the next book! Job well done, Ms Addae!2 of 2 people found the following review helpful. Excellent charactersBy glittergirl405I loved this story! I came across it as i was looking for the next LaPatron book. Also a great series of you haven't read those books by the author. The story takes its time developing. she builds the characters very well and you find yourself wanting to know what is going to happen next. A little frustrating how the plot moves forward in a couple of places because you want to scream COMMUNICATION people lol. but seriously it's a great story and I hope she gives these characters the same love she has given the La Patron characters...2 of 2 people found the following review helpful. Hope Last of Line Isn't the EndBy bibliofanStarts rather slowly but builds in interest as the story continues. I like Baron and Simone as lead characters. Barons vast changes as the last of his line along with his interaction with that line is interesting and fresh. Simone as an ordinary woman caught up in the extraordinary world of the supernatural is believable. The hunters as enforcers of the One's laws come off as bullies. Lots of action and very enjoyable.

Innovative Scientist Claudius Baron relished his ordinary appearance which helped him move freely around humans. He coveted his ability to test his inventions against his peopl's enemies without censure. Everything changed when he was the last person in his line alive. Real Estate Appraiser Simone Locklear took her responsibilities seriously. Raising her niece, keeping her business afloat and being a good friend topped her list. When her niece disappears she fears the worst and pledges to do anything to get the child back.Baron and Simone can't stop the train wreck of fate that has them on a collision course for a rocky future. Hers'd drop her in a heartbeat if he could and she can't help but wonder if things are moving too fast. Baron can't slow down, he has a mandate, a purpose to fulfill as Last in Line.
